

INDIAN HEIRS' CLAIM IS LOST

Property Held Up for Year Is Now Released By Court.

GREEK'S TITLE IS BAD

Spelter City Is Now Due to Make Up for Lost Time in Interrupted Progress.

Spelter City, Jan. 31.—A suit involving the validity of 400 homes, and \$2,000,000 worth of property in Spelter City, one of the industrial districts of Henryetta, has been dismissed in district court, thus clearing up titles, thus permitting property holders to buy or sell property in the district for the first time since January, 1920. The suit was brought by Kentucky Wesley, a Creek Indian, who claimed heirship to the property. In addition to the suit for possession of this suburb in which is located the big Henryetta smelter industry, Wesley also sought to recover rental and damages in the sum of \$150,000. The defendants in the case were the Eagle-Fisher Land company, O. S. Fisher, Henryetta Coal company, et al, and C. J. O'Hornett and Leslie Math, who plotted the addition of an industrial district to the city of Henryetta and who sold building lots to a large majority of the residents there. In dismissing the suit, the court declared all titles to property were clear and cloudless, and issued a perpetual injunction against the claimant, Kentucky Wesley. A big improvement deal which was held up pending the outcome of this suit will now be revived and pushed to conclusion.

HUNT CLOTHING THIEVES

Railton Has Four Robberies in Last Three Months.

PONCA CITY, Jan. 31.—All efforts have thus far proved futile to locate the thieves who robbed the Harry Clothing company at Railton Thursday night of suits, suit cases, silk shirts, neckties, handkerchiefs, collars and shoes, estimated to be worth \$1,800. Entrance was gained by breaking panes of glass in a rear window.

This was the fourth such robbery in Railton within the past three months, the other victims being the Bank of Commerce, the postoffice, and Bryant's store. The postoffice robbers were caught.

TRUNKS GOT MIXED UP

Accused of Keeping Property Falling Into His Hands.

PONCA CITY, Jan. 31.—James Hinch, a former service man, is in the county jail at Newkirk, awaiting trial on a charge of appropriating property not his own, all because a baggage agent at Oklahoma City got the checks mixed on two trunks and Hinch got the wrong trunk. After the matter was straightened out, Hinch was charged with taking some of the property from the other person's trunk and selling it. Hinch's home is in Louisville and it is claimed that he was gassed overseas.

HORNWOGGLE THE PONCAS

Making Things Unpleasant for Gamblers at Whiteagle.

PONCA CITY, Jan. 31.—A combination of county authorities is working on the problem of cleaning out the white gamblers who prey on the Ponca and other Indians in this locality, separating them regularly from a considerable portion of their payments from the government. Tony Knight is now serving a 30-day sentence in the county jail, paying also \$100 fine, for operating a gambling place at Whiteagle, the agency headquarters of the Poncas. With him were arrested twelve Indians who paid fines of \$25 each.

Nine Pairs Twins in One Missouri College

Jewell and Jewett Triplett.

Teachers and students at Stephens college, Columbia, Mo., thought they were seeing double last September when the college opened. An investigation of this optical illusion, however, developed the fact that there were nine pairs of twins enrolled at the college. While the faculty and students have become reconciled to seeing the same girl in two places at the same time, very few have learned who's who in the respective doubles.

Of interest to our readers is the picture of one pair of twins attending that school, for they hail from Claremore, Okla. The picture above is of Misses Jewell and Jewett Triplett, and it is safe to bet that they are a credit to the state from which they come.

SIMMONS CASE TO THE JURY

Alleged Member of Old Martin Gang Soon to Know Fate.

OKLAHOMA CITY, Jan. 31.—The case of the United States against Clarence Simmons, alias Jackson J. Smyth, who is charged with larceny of a horse during territorial days, went to the jury shortly after 4 o'clock this afternoon.

The afternoon session of the federal court was taken up with closing arguments of the attorneys for the government and defense. B. L. Tinsinger, prosecuting attorney, said after the case went to the jury that after the verdict was pronounced, Simmons, or Smyth, would be put on trial for alleged shooting of a United States marshal in 1903, soon after the theft of the horse is alleged to have taken place.

Less than 25 Per Cent of Indian Land Offered at Auction Sold; No Tulsa Co. Land Changed Hands.

MUSKOGEE, Jan. 31.—The poorest sales in recent years are reported by those who have charge of the recent offering of restricted Indian land. Less than 25 per cent of the 300 tracts offered at auction were sold, it is said.

The general slump in business and the tightness of money is held responsible for the poor sales. Some of the choice tracts of land allotted to the Indians were up, officials declare.

Only one ten-acre tract was sold at Chickasha, no Tulsa county land was sold and but small pieces at the other eight cities. Not for several years have the purchases been so light. Last year about 70 per cent of the land was taken.

Homebrew Makers Draw Light Fine. Adhering to his policy of dealing leniently with those who make booze for their own use but don't sell it, Judge Robert L. Williams today fined Santa Carano, coal miner, \$5 and costs on each of two liquor counts to which he pleaded guilty.

The counts were not over \$10, it was said. The judge reiterated former statements that he would not punish those who made a little homebrew for their own use, but Carano made only a little shoe beer for his personal consumption, officers said.

Rape State Legislature. Three readings of the legislation being talked in Oklahoma City is aimed at the "prostitute" retail merchant, according to F. E. Harbison, president of the Retail Merchants association here, who told the Ad club today that the buyers strike had forced down prices and done away with need of anti-prostitute.

On "Ground Hog" Day.

PONCA CITY, Jan. 31.—Because the annual business session of the Ponca City chamber of commerce falls on February 2, known everywhere as "Ground Hog" day, arrangements have been made for a "ground hog" luncheon to be served at 2 o'clock next Wednesday evening in the Lincoln school building auditorium. Sausage sandwiches will be the feature of the menu. The high school athletic club boys will serve the lunch and provide the evening's program. During the evening also the vote for directors of the chamber of commerce for 1921 will be canvassed.
